The DNFs at the 1000 yd line were due to rain showers and poor visibility during the last relay of the match and those competitors did not finish the match.

A blue handle wrench was found on the table at the 1000 yd line on Sunday. Please let me know if this is yours. Currently it is in a box at the Stat Office.

Thank you all for coming to our matches and hope to see you at the Long Range Regional on May 2-3 (bring good weather with you).
